# POLICY AND FINANCE COMMITTEE 9th December 2020

# POLICY & FINANCE COMMITTEE BUDGET 2021/2022

### 1. INTRODUCTION

- 1.1 Members considered the budget proposals for 2021/22 for this Committee at the November meeting. This paper sets out the current draft budget proposals for this Committee and members are asked to endorse this budget or propose changes for inclusion in the overall Town Council Budget which will be approved in January.
- 1.2 To assist Members, the following draft document is attached:-

**Appendix A:** Shows the approved original budget 2020/2021, (£307,611), the draft revised budget 2020/21, (£289,596), which reflects the latest forecast outturn for 2020/21, and the revised draft budget for 2021/22 of £312,755. The appendix also shows the outturn figures for both 2018/19 and 2019/20 for comparison. The Committee budget includes summarised budgets for Carvers Clubhouse which are set out in more detail in **Appendix B**.

### 2. REVISED DRAFT BUDGET 2021/22

- 2.1 As previously noted, the base budget for 2021/22 for this Committee has been prepared by adjusting for non-recurring items included in the original budget for 2020/21. There have not been any new expenditure bids. Any bids for new expenditure will be added to the next iteration of the budget in January and will need to be approved before the overall budget is submitted to full Council in January.
- 2.2 The only difference between this revised draft budget and the original draft budget discussed at the November meeting has been the inclusion of inflation. This has been modelled on the assumption that unavoidable inflation will be held at 1.5% whilst there has been no inflationary increase proposed on income earnings. Following the Government announcement of a pay freeze for public sector workers, pay inflation has been estimated at 0.5% in part to reflect an under provision in the current year where the pay award in December exceeded the increase proposed for 2020/21.
- 2.3 There have not been any proposals for growth or additional bids on behalf of this Committee however this revised draft budget will be updated with any such proposals for consideration at the January meeting. Earmarked reserves are expected to exceed £270,000 by the end of the current year and it is anticipated that these will be used to support any new bids.
- 2.6 The budget model, which allows testing of alternative budget assumptions has been circulated and all Members are encouraged to use the model to test and challenge budget assumptions and the impact of further budget proposals.
- 2.7 The Committee is asked to consider the revised draft budget for 2021/22 of £312,755. The committee budget is included with the Council's overall budget, a report for which appears elsewhere on the agenda.

# 3. NEW BIDS 2021/22

3.1 At present there are no proposals for new budget bids to be included in the 2021/22 budget.

# 4. RECOMMENDATIONS

- 4.1 Subject to any amendments or further proposals made at this meeting, **it is recommended that:** 
  - a) Members consider and approve the revised draft budget for this Commirttee, Appendix A, for inclusion within the Council's overall budget be approved;
  - b) Members use the budget model to develop and test alternative budget proposals.

# POLICY & FINANCE COMMITTEE – 9<sup>th</sup> December 2020 DRAFT BUDGET AND PRECEPT 2021/2022

# 1. INTRODUCTION

- 1.1 Members have considered both the Policy & Finance Committee's own draft budget and an outline draft budget for 2021/22 at the November meeting of this Committee. The other two Committees have similarly considered early drafts of their own budgets and these draft proposals, with amendments, are now included here. A recommendation to Council on its overall budget and precept for 2021/22 will be made at the meeting of this committee in January 2021.
- 1.2 This revised draft budget provides the outline of the budget for 2021/22 and includes a number of budget assumptions which have been discussed previously. In addition, the budget model has been circulated to all members by email to encourage modelling and testing of budget assumptions. In order to complete the budget preparation, members are asked now to either endorse the budget proposals contained here or to provide guidance on any changes to the budget. Members are also requested to agree an indicative Council Tax for 2021/22.
- 1.3 The revised budget for 2020/21 is also included. This has not been amended since it was discussed in November, but the year-end forecast will be updated as part of the budget monitoring process during the final quarter of the year.

# 2. REVISED DRAFT BUDGET 2021 TO 2022

- 2.1 The Recreation, Leisure & Open Spaces Committee (RL&OS Com) and the Planning, Town and Environment Committee (PT&E Com) have considered their own draft budgets during the current schedule of meetings. Attached for the Committee's consideration are the following documents:-
  - Appendix A Revised draft summary Council budget 2021/22, including base budgets.
  - Appendix B Provisions at 1st April 2020, and estimated balances at 31st March 2021 and 2022.
- 2.2 Some changes have been made to the first draft budget as discussed in November, in light of more up to date information. These were reflected in the budget model that was circulated to members at the end of November and include:
  - The Council tax base is predicted to increase by 0.79%, generating an additional £4,072 at the 2020/21 Council Tax rate.
  - A proposed grant from NFDC, yet to be confirmed, of £8,106 has been added to the "Capital Receipts tab and is currently reflected in higher reserves.
  - Bids for additional expenditure on grounds maintenance, playparks and the cemetery have been included, mostly funded from reserves.
  - A proposal to fund the additional cost of the cemetery bid (£6,000) from the general reserve has been included.
  - All inflation other than pay inflation, remains at zero. Pay inflation has been modelled at 2% (but note the subsequent adjustments to inflation explained below).
- 2.3 There are two further significant amendments which have been added since the budget model was circulated. These include:

- an outline bid, yet to be formally endorsed at the time of writing by Planning, Town and Environment Committee, for additional funding of £3,950 net for the Neighbourhood Plan.
- The latest estimates of inflation as set out below.

The budget assumptions are illustrated and summarised in Appendix C.

- 2.4 The proposed bid for the Neighbourhood plan is £21,500 of which £14,550 is expected to be funded from grants. The balance of £6,950 will need to be funded by the Town Council. However, there remains a balance of £3,000 held in the General Reserve in respect of the unspent budget that was approved in 2018/19. In light of this new proposal and because the project and grant funding is likely to run over more than one year, a new earmarked reserve has been created for the Neighbourhood Plan and the £3,000 held in the General Reserve has been transferred into this new reserve. The remaining balance of £3,950 forms the basis of this additional bid.
- 2.5 The latest inflation index (RPI) is 1.3% for the year to October. However, the Government has announced a public sector pay freeze. The pay inflation index has been set at 0.5% for budget modelling purposes in part because the actual pay award in April 2020 was 2.7% and this exceeded the amount provided in the budget for the current year of 2.5%. Other unavoidable inflation indices have been set at 1.5% whilst it has been assumed that there will be no inflationary increases on income generated by the Town Council.
- Appendix A to this report shows the revised draft summary of the overall position with respect to the Council's original and revised budgets for 2020/21, together with the revised draft budget proposals for 2021/22, subject to any further proposals from the other Committees. The revised draft base budget without any new bids for 2021/22, is £494,097, an increase of £12,037 from the original 2020/21 budget (excluding non-recurring expenditure).
- 2.7 In the absence of any other funding, this increase would add £2.23 to the Council Tax, before any allowance is made for any new bids, inflation or transfers from the General Fund.
- 2.8 It is important to ensure that revenue expenditure is covered by available income and whilst it is appropriate for reserves to be used to offset the costs of one-off capital schemes, the same cannot be said of revenue expenditure. The use of reserves to support the base revenue budget simply postpones a structural problem which will get worse without a future painful increase in the precept.
- 2.9 The revised draft budget includes a proposal to transfer £6,000 from the General Fund to cover the shortfall in earmarked reserves available to pay for the two cemetery proposals which are both capital in nature and non-recurring. There is, in addition, the prospect that New Forest District Council will make a grant of £8,106 available to offset some of the additional costs of the Covid Pandemic. For modelling purposes, these funds have been reflected in reserves as unapplied grants and have not been brought into the revenue budget. In the current year it is estimated that the Town Council will lose income in the following areas due to lockdown and measures to combat the pandemic:
  - Interest receipts reduced by £1,500
  - Carvers Room Hire reduced by £2,500
  - Carvers Café trading surplus reduced by £2,100
  - Sports and Recreation income reduced by £8,000

This loss of income will be offset by reduction in expenditure in the current year. However, income is likely to remain depressed in 2021/22 whilst expenditure is

expected to recover. For budget purposes, Sports and Recreation income is expected to fall by £4,000 whilst interest income is expected to remain subdued and £1,000 below the current year original plan. In addition, there will remain a need to continue providing additional cleaning measures, PPE equipment, support for home working and so on. Members may, therefore, wish to offset some of these costs through an additional transfer from the unallocated grants reserve, subject, of course, to NFDC approving the proposed grant. This could be justified as the expenditure and loss of income is atypical and so reserves would not be used to support the base revenue budget.

B

2.10 The base budget and all budget assumptions are summarised in Appendix C. As modelled, the proposals would result in a precept of £534,927 which, with the increased Council Tax Base of 5404.4 will result in a Band D equivalent Council Tax of £98.98, an increase of 2.08% on the current year. In order to hold this increase at 2%, a further transfer from reserves, or reduction in net expenditure, of £440 would be required. Every additional £1,000 of Council Tax requirement results in an increase of 18.5 pence on the Council Tax.

# 3. CONCLUSIONS

- 3.1 The revised draft budget requirement, including the new bids and the transfers from the general reserve, is £534,927, which would produce an estimated Council Tax of £98.98 for 2021/22, subject to confirmation of the council tax base.
- 3.2 The estimated level of the General Reserve as at 31 March 2022 would be £283,748 if no further transfers, other than those proposed in this report, are approved. Earmarked reserves and provisions are predicted to be £265,830.
- 3.3 The revised budget is also set out in Appendix A. There is an indicative reduction in budget requirement, and consequent increase in funds to be transferred to the general reserve, of £14,108.

# 4. **RECOMMENDATIONS**

- **4.1** Members consider the revised draft budget for 2021/22.
- 4.2 Members consider whether any further bids should be taken forward for inclusion in the 2021/22 budget.
- **4.3** Members consider whether any of the budget requirement should be offset by a transfer from Grants Unapplied reserve (the proposed Covid mitigation grant from NFDC) be made.
- **4.4** Members endorse the use of £6,000 from the General Reserves to support the budget requirement and consider whether any further transfer should be planned.
- **4.5** Members provide an indication of an acceptable Council Tax for 2021/22.

Inflation (RPI) is currently running at 1.3% (for the year to October 2021). CPIH is 0.9% for the same period.

Note that some costs and expenditure are linked to inflation, whereas some "non contractual" expenditure is more discretionary and inflationary cost increases may be absorbed by reducing spend, although this may not be without consequence. Other expenditure may be fixed with no inflationary adjustment required. Each expenditure component in the budget has been allocated an inflation type (1-6) which may be modelled on this page.
