C/6026 PLANNING, TOWN & ENVIRONMENT COMMITTEE

Cllr Treleaven presented the minutes of the Planning, Town & Environment Committee meeting held on 7th July 2017.

P/5418 – following the discussion in the Public Forum, the Council's response to Highways England in respect of the A31 Improvement Scheme was amended.

P/5421 – Cllr Treleaven explained that a coherent business plan was needed for town centre improvements, in order to bring all projects under one banner and to assist with funding bids. It was noted that a representative of the Church should be invited to attend meetings.

RESOLVED:

- 1) That the minutes of the Planning, Town & Environment Committee meeting held on 7th July 2017 be received, and that the recommendation at P/5421 be approved.
- 2) That the Council's response to the public consultation, in respect of the A31 Improvement Scheme be as follows;

The Town Council:

- 1) Approves of the A31 Improvement Scheme, to widen the westbound carriageway to 3 lanes, in order to reduce congestion for users of the A31, reduce congestion for local people, improve journey times and reduce pollution;
- 2) Supports the proposed closure of West Street on safety grounds, with a caveat that there needs to be emergency access onto the A31 from the Market Place, with the operation of a barrier/smart card system;
- 3) Recommends that there be no direct access to or from the A31 for the petrol station, in the interests of safety. This proposal has overwhelming public support;
- 4) Proposes that, in the event that 3 above is rejected, the slip road at the petrol station be extended the full length to the Verwood turnoff and investigations be made into alternative solutions for entry/exit to the petrol station, possibly from the Verwood road;
- 5) Requires that there be a robust implementation plan in place to minimise the impact on residents during the construction period, due to the effects of contraflows, overnight closures and diversion routes for its expected 18 months duration. In addition, Highways England must ensure that the works do not coincide with planned works on the A338 (between the Blackwater and Cooper Dean junctions);
- 6) Requires that specific noise and vibration abatement measures be implemented for residents along the route and for the Parish Church;
- 7) Requires an assurance that traffic re-modelling takes into account the new Local Plan and future projections for traffic with the possible development of Sites P, Q and R, including volume of traffic at peak times;
- 8) Requires that the re-modelling statistics be made available to the Town Council's own traffic consultants;
- 9) Requires Town Centre access improvements for pedestrians and cyclists and believes that it is the duty of Highways England to provide this. Ringwood is unique in that it has a trunk road through the town and improvements are needed to compensate for this and to help the community to prosper. In this respect, it will be necessary to work with Hampshire County Council and New Forest District Council.
- 10) That signage and lane management be improved from Picket Post in order to keep traffic on the A31 and to make it clear that there is no re-access to the A31 through the town;
- 11) That consideration be given to the introduction of a 50mph speed limit from Picket Post.

**C/6031
REPORTS FROM TOWN COUNCILLORS**

Cllr Day was assisting Mr Chris Wood, the owner of the building housing Friday's Cross Clock, in trying to bring it back into use, and reported that Mr Wood was very grateful for the Council's continued support.

He was working with Cllr Ring and members of the Ringwood Events Committee on a Fireworks event to be held on 5 November 2017, and a Christmas Lights Switch-On event to

be held on 2 December 2017. Any offer of assistance in organising these events would be much appreciated.

Cllr Murphy had attended the New Forest Association of Local Councils meeting, and recommended that the Police & Crime Commissioner Michael Lane be invited to address the Council.

Cllr Wiseman had attended a meeting of Ringwood Society, which supported the restoration of the Friday's Cross Clock and a representative would attend the next District Council Planning Development Control Committee when this was to be discussed. She had also reported an incident of flooding in Christchurch Road.

Cllr Ring reported that a member of the public was organising a petition in support of the restoration of the Friday's Cross Clock. A copy of the petition would be made available in Ringwood Gateway for signing. He commented on footpath maintenance in New Street. He also asked Members to keep in mind, when considering town centre improvements, that traders in the Friday's Cross area were concerned about being forgotten.

**C/6032
REPORTS FROM COUNTY AND DISTRICT COUNCILLORS**

District Councillor Heron was concerned that he had read in the paper that Hampshire Police was recruiting extra officers to address the rise in crime, despite being told at the last Council meeting by Sergeant Mitchley that there would be no increase in resource. Cabinet would be held on 2 August, when the District Council's response to the A31 consultation would be agreed.

District Councillor Rippon-Swaine reported on the Planning Development Control Committee meeting when the Friday's Cross Clock had been discussed. A decision on the application had been deferred and officers were keen to find a resolution to bring the clock back in to use.
