RECREATION, LEISURE & OPEN SPACES COMMITTEE

Dear Member

28th June 2018

A meeting of the above Committee will be held in the Forest Suite at Ringwood Gateway on **Wednesday 4th July 2018** at 7.00pm* or at the conclusion of the public participation session and your attendance is requested.

Mr C Wilkins
Town Clerk

PUBLIC PARTICIPATION:

*If required, the meeting will be preceded by a public participation period of up to 10 minutes at 7.00pm. Members of the public are also entitled to speak, during the meeting, on agenda items.

RECORDING (AUDIO AND/OR VIDEO) OF COUNCIL MEETINGS AND USE OF SOCIAL MEDIA

During this meeting the public are allowed to record the Committee and officers from the front of the public seating area only, providing it does not disrupt the meeting. Any items in the Exempt Part of an agenda cannot be recorded and no recording device is to be left behind. If another member of the public objects to being recorded, the person(s) recording must stop doing so until that member of the public has finished speaking. The use of social media is permitted, but all members of the public are requested to switch their mobile devices to silent for the duration of the meeting.

MOBILE PHONES

Members and the public are reminded that the use of mobile phones (other than on silent) is prohibited at Town Council and Committee meetings.

AGENDA

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTEREST

3. MINUTES OF THE PREVIOUS MEETING

To approve as a correct record the minutes of the meeting held on 6th June 2018

4. CARVERS CLUBHOUSE

To receive the Manager's monthly report (*Report A*)

5. IMPROVEMENT OF FENCE AT CARVERS PLAY AREA

To consider replacing the galvanised chain link fence and, if so, what specification of replacement to recommend (*Report B*)

6. EVENTS MANAGEMENT

To receive report on recent and upcoming events

7. CHANGES TO ALLOTMENT RULES

To consider approving the suggested rule change (*Report C*)

8. IMPROVEMENTS AT THE CEMETERY

To consider approving the proposals for enhancement works (*Report D*)

9. PROJECTS

To receive an update in respect of projects (*Report E*)

If you would like further information on any of the agenda items, please contact Chris Wilkins, Town Clerk on (01425) 484720 or email chris.wilkins@ringwood.gov.uk.

RECREATION, LESIURE AND OPEN SPACES COMMITTEE

4th July 2018

Monthly report from Manager, Carvers Clubhouse

Due to annual leave this report was written on 22nd June 2018.

1. Branding and marketing

We have formerly adopted the name *Carvers Clubhouse* as a replacement for 'The Place' and will start using this in marketing materials immediately. Over the next few weeks we will have banners up around the play area to promote the café and the Clubhouse in lieu of more permanent signage which will take a little more time to put in place. Our facebook presence is improving and word is getting out about our new provision.

2. Café

The café is now operating its summer opening hours so will be open Monday to Saturday until the start of September. The menu has been generally very well received with some very positive comments online about the prices, quality and it being a very child friendly venue.

3. Hirers and activities in July

It is set to be a busy month as we come towards the start of the summer holidays.

The Young Carers had a very good first booking for their 'youth club' and are looking forward to returning every month.

We will be welcoming the NCS (National Citizens Service) in July. They will be with us Monday to Friday from 2nd July to 10th August. We are pleased that they are keen to do up to 7 days of practical volunteering work in Carvers Recreation Park including painting and tidying certain areas. On each of the days there will be a group consisting of 12-14 young people and 2 team leaders over the aged of 18 supervising this group with a member of our team dropping by every so often to check all is going well.

After identifying a need through the local health visiting team we have launched a 'Ringwood Twins Group' at the Clubhouse. This is a support club for parents of twins and more. Currently no group exists in the area and so parents have had to travel to Salisbury or Wimborne. They will be using the centre every fortnight.

22 Spanish students aged 12-14 from Talk a Lot New Forest will be using our facilities on the 4th July.

This month we will also start our partnership with Ringwood School to provide free lunches for those who would normally receive free school meals to tackle summer hunger. They will be able to select food from our regular menu. We have agreed a budget of up to £750 for the project with Ringwood School- £2 per lunch (we will subsidize the lunches as well as part of our contribution to this).

Finally we are also working with NFDC to host their summer roadshow. More details to follow.

A

4. Youth Intervention Work

Chris and I had a useful meeting with the Ringwood Benefice Office to discuss the current status of RTC's youth service provision, use of Carvers Clubhouse and Ringwood Youth Club. It was agreed that it is not possible to combine targeted youth work and general community provision at the same venue and supported the direction that the Clubhouse was going in. We discussed options for youth work and agreed that the first stage was to have a very clear grasp of the scale of need and what the needs were. It was agreed that RTC could attend meetings of a local forum for schools to discuss provision for disadvantaged pupils and also to work with the Rotary who are undertaking a community asset mapping exercise as this might help in identifying local resources and gaps in provision.

5. Events

This month we are looking forward to hosting our second Skate Park competition, funded by NFDC. The centre and café will be open for the duration of the event.

RECREATION, LEISURE & OPEN SPACES COMMITTEE

4th July 2018**Improvement of fence at Carvers Play Area**1. Introduction and reason why decision required

- 1.1 At the previous meeting of this committee, the possible replacement of the present concrete post and galvanised chain link fence was discussed and further information was requested about costs of different specifications of fence.

2. Background information, options, impact assessment and risks

- 2.1 The table below sets out some alternative specifications:

Description	Est. cost
New 2m high green-coated Heras Triton welded mesh panel fence to N. and E. sides of play area	£4,300
New 1.8m high galvanised only finish bow top railings to N. & E. sides	£7,850
Same on N. side only	£6,100
Same in green finish, N & E. sides	£8,665
Same in green finish on N. side only	£6,740

- 2.2 Mesh panel fencing is difficult to climb over because the gaps in the mesh are small and the panels flex under load. However, that very flexibility can lead to deformations that are difficult to correct. Railings would be significantly more durable but easier to climb over. The S. and W. sides of the Play Area have bow top railings with a galvanised only finish. The non-recurrent budget for all improvements at Carvers Recreation Ground this year is £10,000.

- 2.3 Volunteers from the National Citizen Service have expressed an interest in helping with community projects at Carvers, which seem likely to include re-painting some or all of the Pavilion, the storage sheds and whatever play equipment is not to be replaced.

3. Issues for decision and any recommendations

Whether to replace the galvanised chain link fence at Carvers Play Area and, if so, what specification of replacement to recommend.

For further information, contact:

Chris Wilkins, Town Clerk
 Direct Dial: 01425 484720
 Email: chris.wilkins@ringwood.gov.uk

RECREATION, LEISURE & OPEN SPACES COMMITTEE

4th July 2018

Changes to Allotment Garden Rules

1. Introduction and reason why decision required

- 1.1 Recent experiences and the latest round of inspections suggest that the rules need to be changed to:
 - 1.1.1 Ensure plots are used exclusively for cultivation by the tenant to produce vegetables or fruit for consumption by the tenant and his or her family; and
 - 1.1.2 Clarify the restriction on adding buildings and structures and facilitate its fair and consistent application.

2. Background information, options, impact assessment and risks

- 2.1. The current allotment garden rules provide:

“The tenant shall keep the allotment garden clean and in a good state of cultivation and fertility and in good condition” and

“The tenant shall not, without the written consent of the Council erect any building on the allotment garden, provided that consent shall not be refused under this sub-paragraph to the erection of any building reasonably necessary for the purpose of keeping hens or rabbits or for the storage of gardening implements. Consent under this Clause will not normally be given for any building, or buildings, that in total exceed 6’ x 8’ (2m x 2.4m) in size. Under no circumstances is asbestos, or any form of asbestos, to be used on any building, fence or structure on the allotment garden.”
- 2.2. Some tenants’ “cultivation” of their plots includes the growing of what appear to be Christmas trees and other non-food producing plants. This is contrary to the purposes of the Allotments Acts and the spirit of the agreements but, arguably at least, not contrary to their letter
- 2.3. A number of plots currently have upon them a variety of structures, including:
 - 2.3.1. Timber tool-sheds and potting-sheds;
 - 2.3.2. Timber summerhouses; and
 - 2.3.3. Greenhouses, poly-tunnels, fruit-cages and other covered frameworks of varying size, construction and degrees of permanence (although many considerably exceed 2m x 2.4m).
- 2.4. Some tenants have applied for permission for these structures whilst others have not. The use of the word “building” in the rules seems to have caused genuine uncertainty; with some tenants interpreting this as applying only to substantial and permanent structures like tool-sheds whilst others have construed it more widely. Officers seek to apply and enforce the rules fairly and proportionately but are unclear about (i) what structures are intended to be allowed without restriction, what permitted subject to prior approval only and what prohibited entirely and (ii) where prior approval is required, what criteria are to be applied.
- 2.5. Restrictions should only be applied as necessary to achieve reasonable policy objectives, which, it is suggested, would include the following
 - 2.5.1. Discouraging tenants from making expensive improvements to plots which cannot readily be removed when tenancies end (because they have no security of tenure and won’t want to lose their “investment” any more than the Council would want to pay compensation or incur cost in removing them);

C

- 2.5.2. Ensuring that anything brought on to plots is safe and sufficiently well designed and maintained as not to be or become unacceptably unsightly or a nuisance to other tenants;
 - 2.5.3. Ensuring that plots are used only for permitted purposes and are properly cultivated (that is, that inappropriate, unnecessary or unused structures do not provide a pretext for insufficient cultivation or non-cultivation of plots for food production);
 - 2.5.4. Providing clear guidance to tenants about what is allowed that also enables officers to identify when enforcement action needs to be taken and to take it without the need for further decisions from members; and
 - 2.5.5. Reducing bureaucracy and unnecessary paperwork.
- 2.6. If the foregoing policy objectives are accepted, it is suggested that the restriction be re-framed as follows:

“The tenant shall not erect or place any building or structure of any kind on the allotment garden except as follows:

- (a) A single timber tool-shed or potting shed of floor area not exceeding [6]m² is permitted;*
- (b) A single greenhouse of floor area not exceeding [6]m² is permitted;*
- (c) One or more poly-tunnels, fruit-cages or similar covered frameworks of floor area not exceeding in total [15]m² or [25]% of the garden (whichever is the smaller) are permitted; and*
- (d) One or more hen-coops or rabbit-hutches with covered runs of floor area not exceeding in total [25]% of the garden are permitted*

Provided that:

- (i) All buildings or structures shall be erected in a good and workman-like manner and maintained in a safe and good condition that causes no nuisance or annoyance to the tenant of any other garden;*
- (ii) No building or structure is to exceed [2.5]m in height;*
- (iii) All buildings or structures upon the garden shall at all times remain the property and responsibility of the tenant who may remove them at any time including upon termination of this agreement (howsoever arising)*
- (iv) Any building or structure must be removed upon the expiry of this agreement if so requested on behalf of the Council or at any other time upon the expiry of a reasonable period of notice in writing given on behalf of the Council to the effect that the Council, acting reasonably, considers that it is unused or does not otherwise fully comply with this agreement; and*
- (v) Under no circumstances whatsoever are any asbestos-containing materials to be brought onto the garden.*

- 2.6 Any change in the rules approved in principle by members will be formally incorporated in each tenancy agreement from each grant or next renewal but applied informally from now on. However, in view of the uncertain meaning and enforcement of current and past rules, officers do not propose to take any action in respect of any existing buildings or structures (whether they appear to comply with the new rules or not).

3. Issues for decision and any recommendations

Whether to approve the suggested rule change. [RECOMMENDATION: Approve].

For further information, contact:

Chris Wilkins, Town Clerk Direct Dial: 01425 484720 Email: chris.wilkins@ringwood.gov.uk

RECREATION, LEISURE & OPEN SPACES COMMITTEE4th July 2018**Improvements at the Cemetery**1. Introduction and reason why decision required

- 1.1 The current budget includes a non-recurrent budget of £3,000 for improvements to the Cemetery. This report sets out some suggestions and their estimated costs so that members can either agree specific measures or indicate their preferred priorities.

2. Background information, options, impact assessment and risks

- 2.1 Alternative arrangements for disposal of waste are now in effect; the large wheeled bin has been removed and a skip is used instead. This has to be readily accessible from Hightown Road but for aesthetic reasons ought to be screened. The first proposal is therefore to create a fenced compound in the car parking area to screen the skip. The opportunity will be taken to create a storage area for green waste, wood-chip, etc which may also have room for the salt bin. Competitive quotes for the work have been obtained and the cheapest is £2,490 plus VAT. Our Grounds Maintenance Staff could carry out the work at slightly lower cost (£2,294) but have very limited capacity for such tasks at present and, not being specialists in this kind of work, are unlikely to achieve the same quality of result as a commercial specialist. The fence would be of 1800mm featheredge boarded fencing on posts set in concrete at appropriate centres. Two 1500mm wide gates would be hung to conceal the skip when access isn't required.
- 2.2 The second proposal is the planting of a hedge along the boundary separating the cemetery from the Rugby Club premises. This has been awaiting attention since the overgrown conifer hedge was removed. The proposal is to plant a hedge of Photinus Red Robin (see Figure 1 below). This shrub would present an attractive green and red backdrop to a section of the cemetery that is much visited and would be relatively low maintenance. Cost is estimated at about £600 for the plants.
- 2.3 These two proposals are likely to exceed slightly the non-recurrent budget mentioned but any excess would be modest and could be met from other grounds maintenance budgets if members are content.

3. Issues for decision and any recommendations

Whether to approve either or both of the proposals for enhancement works described above.

For further information, contact:

Chris Wilkins, Town Clerk
Direct Dial: 01425 484720
Email: chris.wilkins@ringwood.gov.uk
