

## MINUTES OF THE POLICY & FINANCE COMMITTEE

Held on Wednesday 17<sup>th</sup> March 2021 at 7.00pm

The meeting took place in a virtual environment using “Zoom” video conferencing technology and members of the public and press were given the opportunity to observe or participate in the meeting.

PRESENT: Cllr Jeremy Heron (Chairman) (*from 7.04 pm*)  
Cllr Steve Rippon-Swaine (Vice Chairman)  
Cllr Andy Briers  
Cllr Philip Day  
Cllr John Haywood  
Cllr Peter Kelleher  
Cllr Gloria O’Reilly  
Cllr Tony Ring

IN ATTENDANCE: Chris Wilkins, Town Clerk  
Nicola Vodden, Meetings Administrator  
Rory Fitzgerald, Finance Manager  
Cllr Gareth Deboos

ABSENT:

*Cllr Rippon-Swaine took the Chair at the start of the meeting.*

### **F/5885 PUBLIC PARTICIPATION**

There were no members of the public present.

### **F/5886 APOLOGIES FOR ABSENCE**

All members were present.

### **F/5887 DECLARATIONS OF INTEREST**

There were none.

### **F/5888 MINUTES OF THE PREVIOUS MEETING**

**RESOLVED:** That the minutes of the meeting held on 17<sup>th</sup> February 2021, having been circulated, be approved and signed by the Chairman as a correct record.

*Cllr Heron joined the meeting at 7.04pm and took the Chair.*

### **F/5889 FINANCIAL REPORTS**

Members considered the financial reports presented as *Annex A*. In respect of transaction 307, the RFO confirmed that this amount had been charged to events. He also confirmed

that due to the amount of transaction 1420, a minimum of three quotes would have been obtained, in order to test pricing.

Members noted the amount spent on materials to maintain tracks at the Bickerley and commented that those who directly benefit may not appreciate the cost to the rest of the parish for this work, which is carried out annually.

The RFO presented a summary of the budget control report, highlighting a modest improvement in income receipts and a slight increase in maintenance expenditure. The net impact is that the small surplus of £5,744, predicted in the revised budget, is now likely to be eliminated and a modest transfer of less than £10,000 from the General Reserve will be required instead.

**RESOLVED:**

- 1) That the list of cheque payments on the Imprest account for February be authorised.
- 2) That a payment from Petty Cash of £38.22 be noted;
- 3) That the Statement of Town Council Balances be received and the Inter Account Transfers be authorised;
- 4) That arrangements be made for the finance reports to be signed by the Chairman and one other Member following the meeting;
- 5) That the Finance Manager's budgetary monitoring report be noted;

**COMMUNITY INFRASTRUCTURE LEVY (CIL)**

Members considered the RFO's report in respect of CIL (*Annex B*). The predicted balance at 31<sup>st</sup> March 2021 is £45,157.20, however this is dependant on a grant offered for the human sundial project, which has not yet been received. If not received, the total amount will be reduced by around £5,000.

He explained that although CIL payments are received twice yearly, there is no linearity to the amounts and there has been no indication of what the Council could expect to receive this coming financial year.

The Chairman explained that NFDC cannot collect CIL until planning consent has been agreed. He agreed it would be helpful for information to be passed onto town and parish councils about how much they could expect. It was not known if all CIL receipts, relating to the Linden Homes development had been received and the Chairman offered to check this with NFDC.

In respect of para 2.1, there remained a balance of £1,051 for improvements to Carvers recreation ground. It was agreed, due to the strategic work being undertaken in respect of Carvers, that this amount be released back into the CIL fund and any future bid for funding could be considered afresh.

- RESOLVED:**
- 1) That the RFO's report and current balance of CIL receipts be noted;
  - 2) That Cllr Heron make enquiries of NFDC in relation to CIL receipts as a result of the Linden Homes development;
  - 3) That CIL funds of £1,051 applied to improvements at Carvers be released back into the CIL fund.

**F/5891**  
**ASSET REGISTER**

Members considered the RFO's report (*Annex C*) and inventory of the Council's land and assets. This includes property, vehicles and equipment. He explained how over time the register had become large and unwieldy. Conducting checks had been problematic as the recorded locations of certain items had changed.

The asset register was now up to date and had been checked for accuracy, however the document remained sizeable. To make it more manageable, Members agreed that a minimum purchase value of £100 be applied to future additions to the register (excluding land assets which may be valued at a nominal sum).

Occasionally, items under £100 may be acquired which will be viewed as portable/desirable and these could be added to the register, as an exception to the rule. In addition, it was noted that items with a value of less than £100, which do not appear as separate entries in the register, are grouped together as a collective figure and will continue to be covered under the Council's insurance.

**RESOLVED:** That the proposal to streamline and reduce the scope of the asset register be approved, with a de minimis value of £100 to be applied to future entries.

**F/5883**  
**LIST OF ARRANGEMENTS**

Members considered the RFO's report and reviewed arrangements (including legal agreements) with other local authorities, not-for-profit bodies and businesses (*Annex D*).

A question arose in respect of the CCTV agreement with NFDC and whether this amount would reduce in line with technological advances. The Town Clerk advised that a new partnership agreement was approved (February 2020) and he would advise Members of the Council's commitments under that agreement, following the meeting.

In relation to the Christmas lights contact, it was noted that there was an option to extend the contract and the Town Clerk would be reviewing the agreement.

It was also noted that HR support was nearing the end of the contract and this was likely to be renewed and was likely to incorporate health and safety aspects too.

**RESOLVED:** That the Council's current financial arrangements be noted.

**PROJECTS**

**RESOLVED:** That the update in respect of projects (*Annex E*) be noted.

**REPORT TO POLICY & FINANCE COMMITTEE – 17th MARCH 2021****BUDGETARY CONTROL Period 11 – End of February 2021****1. BACKGROUND**

- 1.1 The purpose of this report is to inform Members of the actual income and expenditure for the first eleven months of the year 2020-21.
- 1.2 Income and expenditure to the end of February has been compared against the revised budget forecast which was approved at the January 2021 meeting of this Committee. The revised budget has been adjusted in line with the recommendations of the last meeting of this Committee. The outturn forecast has been further updated and a revised year end prediction is included. The budget outturn forecast will be further updated as year end progresses.
- 1.3 A summary income & expenditure comparison report is included at Appendix 1. This compares actual income and expenditure with both the original and the revised budget for the year. The net balance of £61,374 on the revised budget translates to a net transfer to the General Reserve of £5,744 when planned transfers to earmarked reserves are taken into account. This includes £40,368 in respect of CIL, key deposits and Covid relief grant which is included as revenue income, together with planned transfers to reserves of £38,400 and transfers from reserves, including CIL, in support of projects of £23,138. This latter figure is subject to change and will depend on progress with those projects and receipt of external funding but any change will not impact the revenue account.

**2. INCOME & EXPENDITURE APRIL 2020 to FEBRUARY 2021**

- 2.1 Expenditure to the end of February totalled £591,417 excluding a credit balance on the payroll holding accounts of £12,157 pending settlement of tax and pensions liabilities with HMRC and HCC. With a further £38,155 committed but not yet paid, this represents 89.8% of the revised budget of £700,794, which remains broadly in line with earlier predictions for year end.
- 2.2 As previously noted, measures taken in response to long term sickness absence have increased projected payroll costs although the increase is now somewhat less than previously projected. The latest outturn forecast is now £422,400 compared with the revised budget projection of £421,524 which is some £45,000 below the original budget estimate for payroll costs.
- 2.3 Total expenditure remains on track to be very close to the revised budget. There has been some increased maintenance activity necessitating purchase of materials, but overall, both grounds and buildings maintenance budgets are likely to be slightly underspent. The capital programme is similarly well underway with most of the budgeted expenditure now committed including recent orders for the waste bin replacement programme and the cemeteries digitisation project although any slippage on these schemes will not impact the revenue account.
- 2.4 Income remains disappointing. Although income from activities has recovered a little, it remains well below budgeted predictions and whilst Cemeteries income has also recovered somewhat, Income is now projected to fall below the revised budget figure by around £7,500. Total income collected to date, excluding the precept, amounts to £208,167. A further £3,073 has been invoiced which means that at the end of February, total income stands at 85.9% of the revised budget projection for the year.
- 2.5 As noted above, the additional projects approved for inclusion in the current year project are now substantially completed or committed although there may be some slippage on the support for the Real working party and the web site upgrade approved in June. However the Human Sundial project which has slipped from last year has incurred expenditure of this year of £5,432 which has not yet been fully paid. This is expected to be largely covered by a grant from the Carnival Committee which has not yet been received. In addition, the commissioning of the new allotment site at Crow Arch Lane may incur some additional expenditure before the year end. As much of these additional costs will be met from reserves or grants the additional strain on the revenue budget is likely to be limited to less than £5,000.

# A

- 2.6 The net impact is that the small surplus of £5,744 predicted in the revised budget is now likely to be eliminated and a modest transfer from the General Reserve of up to £7,000 will be required instead.

## 3. FINANCIAL IMPLICATIONS

- 3.1 Both income and expenditure have increased slightly over earlier predictions and it now appears likely that the budget deficit will be limited to around £7,000. Balances remain healthy with a predicted £270,000 in the General Reserve ( a reduction of £7,000 on the year) with a further £271,000 in earmarked reserves and provisions.

## 4. RECOMMENDATION

It is **recommended** that: -

- 4.1 The budget position is noted.

**REPORT TO POLICY & FINANCE COMMITTEE – 17<sup>TH</sup> MARCH 2021****APPLICATION OF CIL RECEIPTS****1. BACKGROUND**

- 1.1 The Community Infrastructure Levy, CIL, is a mechanism by which property developers contribute to the costs of infrastructure required to service their developments. The CIL regulations state:
- “A local council must use CIL receipts passed to it to support the development of the local council’s area or any part of that area, by funding –
- a) The provision, improvement, replacement, operation or maintenance of infrastructure; or
  - b) Anything else that is concerned with addressing the demands that development places on an area. “
- 1.2 The levy is collected by the planning authority and a proportion is passed on to the Town Council. At the end of March 2020, the Town Council held a balance of £19,300.94. A formal decision is required in order to use CIL funds for any project.

**2. CIL Receipts & Allocations 2019-2021**

- 2.1 the following table illustrates the movement of CIL balances over the last two years:

Balance at 1/4/2019	<b>14,100.69</b>
Receipts received during 2019/20	16,756.29
Funds applied during 2019/20:	
Human Sundial	-4,750.00
Pocket Park Boardwalk	-3,112.00
Carvers Recreation Ground Improvements	-3,649.04
Balance at 1/4/2020	<b>19,300.94</b>
Receipts received during 2020/21	31,543.96
Planned application of funds in 2020/21:	
Carvers Recreation ground Improvements	-1,051.00
Human Sundial (depending on grant funding)	-136.50
Pocket Park Boardwalk	-4,500.00
The predicted balance at 31/3/2021 is therefore:	<b>45,157.40</b>

- 2.2 The planned application of funds in the current year represents outstanding commitments for work approved in previous years. These total £5,687.50 including £136.50 in respect of the Human Sundial project. This sum represents the residual balance of net expenditure once an anticipated grant of £5,295.00 from the Ringwood Carnival Committee has been taken into account. Members should note that this grant has not yet been received.
- 2.3 Further, the expenditure on Carvers recreation Ground improvements is in respect of a project that has only been partially implemented. The project has been overtaken by a desire for a wider strategy and members will need to reconsider the extent of CIL funding for the new project.
- 2.4 It is therefore currently anticipated that £5,687.50 will be applied from CIL funds in the current year, given receipt of the grant from the Carnival Committee.

# B

## 3. FINANCIAL IMPLICATIONS

- 3.1 The uncommitted balance of CIL Funds at the end of March 2021 is predicted to be £45,157.40. However, this is predicated on receipt of grant funding for the Human Sundial project.

## 4. RECOMMENDATION

It is **recommended** that:-

- 4.1 Members note the current balance of CIL funding.
- 4.2 Members review the allocations for the current year and revise these in the light of any changes in circumstances since they were made, especially as regards planned developments at Carvers.

## REPORT TO POLICY & FINANCE COMMITTEE – 17<sup>TH</sup> MARCH 2021

### ASSET REGISTER UPDATE

#### **1. BACKGROUND**

- 1.1 The Town Council has invested in a wide range of assets over the years. The value of these at the end of 2019/20 was estimated to be £3,709,208. The assets are recorded in an Asset register which is audited from time to time to ensure that the register is accurate and up to date.
- 1.2 The Asset register is divided between fixed assets such as land and buildings, vehicles, plant and machinery, office equipment and other assets. The book value of assets is recorded as the acquisition value which may differ widely from the market value, the replacement value or the insured value.
- 1.3 An audit of vehicles plant and equipment was carried out in February 2021, whilst Carvers Clubhouse was audited in June 2020. The other assets, including office equipment, sports equipment and play parks will be audited in the next 6 months. A summarised asset register together with the audited detailed parts is included as an appendix to this report.

#### **2. Asset Register update March 2021**

- 2.1 The asset register has evolved over a number of years and has become large and unwieldy. A perpetual complication is that assets are regularly relocated so that any schedule based on location rapidly becomes out of date and is time consuming to audit. It has become necessary, therefore, to redesign the format enable the recording of information in a consistent format and simplify maintenance. Tools and equipment will no longer be recorded by location (although location will be noted).
- 2.2 The existing asset register includes almost all assets purchased or held by the Town Council. A de minimis value has not been observed with the result that the register includes a wide range of low value tools and pieces of equipment, some of which is obsolete or otherwise due for disposal and some of which is duplicated. This has added to the difficulties in maintaining the large and complex system.
- 2.3 It is proposed, therefore, that a minimum purchase value of £100 be applied for future additions to the register (excluding land assets which may be valued at a nominal sum). Any purchases of equipment that equal or exceed this sum will automatically be added to the register. Other items may be added if it is felt necessary to do so, for example to track location. The values recorded will be purchase value (i.e. book value) and insurance value which is typically indexed.
- 2.4 The Asset register included with this report remains a work in progress and members are invited to comment on the structure and information held with a view to finalising a redesigned and fully audited asset register by the summer.

#### **3. FINANCIAL IMPLICATIONS**

- 3.1 A streamlined asset register will have a marginally lower overall value than a more comprehensive one but will require less resource to maintain.

# C

## 3. RECOMMENDATION

It is **recommended** that:-

- 4.1 Members note the proposal to streamline and reduce the scope of the asset register and consider whether any additional information may be usefully recorded.

## REPORT TO POLICY & FINANCE COMMITTEE – 17<sup>TH</sup> MARCH 2021

### Arrangements, (including legal agreements) with other local authorities, not for profit bodies and businesses

#### **1. Background**

- 1.1 The Town Council has a range of agreements with other local authorities, charities, businesses and individuals. Some of these arrangements are long term and many have financial implications for the Town council.
- 1.2 This paper sets out the current arrangements that are in place and is divided into two sections:
  - Schedule 1: Arrangements that incur financial commitments.
  - Schedule 2: Arrangements that generate income receipts.

There are in addition a small number of arrangements which are either statutory in nature or have no significant or direct financial implications.
- 1.3 These lists should be reviewed by members at each annual meeting of the Council.
- 1.4 A motion requiring that an arrangement be reconsidered, not renewed upon expiry or terminated sooner if possible may be made at any time as a written motion requiring notice in accordance with standing orders.
- 1.5 Arrangements will continue until their specified expiry dates unless terminated sooner in accordance with a resolution to that effect and whatever termination process the arrangement includes.
- 1.6 Where this council is the buyer, officers will (where practicable) re-procure the relevant supply in accordance with the requirements laid down by standing orders and financial regulations.
- 1.7 Where this council is the supplier, officers will seek to renew current arrangements upon their expiry on the best terms achievable unless directed otherwise either by a resolution that an arrangement not be renewed or by standing orders (for example, the requirement, in the case of arrangements by deed, for a resolution authorising each use of the Council's seal).

#### **2 Arrangements with Financial Implications**

- 2.1 The following schedule lists all those arrangements that are in place that generate a financial commitment. For the most part, this commitment is known in advance, but several e.g., utilities raise charges based on usage.
- 2.2 The "pay type" refers to the terminology used by the bank when payment is taken. Most payments are "FPO" which simply means "Faster Payment Outwards" and is a bank transfer. Other methods include Standing Orders (SO) and Direct Debits (DD). The payments described as "Pay" are an amalgamation of pay types including payroll.

#### 4 Other Arrangements

- 4.1 There are a small number of arrangements in place which do not incur continuing costs or generate any income. These include licensing arrangements for grazing at Long Lane and licences to shoot vermin.
- 4.2 In addition, there are in place agreements to pay statutory sums by means of Direct Debits on the imprest bank account. These include business rates of around £6,000 per annum and payments to HMRC in respect of employee tax and national insurance of around £65,000 per annum.

#### 5 Recommendation

It is **recommended** that:-

- 5.1 Members note the current financial arrangements in place at the Town Council.
