PLANNING, TOWN & ENVIRONMENT COMMITTEE

Dear Member

27th November 2025

A meeting of the above Committee will be held on **Friday 5th December 2025** at 10.00am in the Forest Suite, Ringwood Gateway and your attendance is requested.

Mrs C Bennett
Town Clerk

AGENDA

1. PUBLIC PARTICIPATION

There will be an opportunity for public participation for a period of up to 15 minutes at the start of the meeting

2. APOLOGIES FOR ABSENCE

3. DECLARATIONS OF INTEREST

4. MINUTES OF THE PREVIOUS MEETING

To approve as a correct record the minutes of the meeting held on 7th November 2025

5. GREENING RINGWOOD

To receive a report from Greening Ringwood on the end of Phase 2 (*Report A*)

6. PLANNING APPLICATIONS

To consider applications and to note applications determined under delegated powers (*Report B*)

7. STRATEGIC SITES

To receive updates in relation to strategic sites:-

- i) Land off Crow Lane / Crow Arch Lane (Beaumont Park)
- ii) Land north of Hightown Road (21/11042)
- iii) Land off Moortown Lane (21/11723 and 23/10707)
- iv) 2 Market Place (24/11105)
- v) Snails Lane (25/10114)

8. NEW FOREST NATIONAL PARK LOCAL PLAN REVIEW - CONSULTATION

To consider the Deputy Town Clerk's report (*Report C*) and whether to make further representation on the draft NFNP Local Plan

9. PROPOSED EXTENSION TO PUBLIC SPACES PROTECTION ORDERS

To consider responding to NFDC consultation (Link to consultation form available after date of issue of agenda (from 28/11/2025)- <https://forms.office.com/e/Zky487MfHp>)

10. PROJECTS (current and proposed)

To consider the officers' report (*Report D*), receive any verbal updates and agree next steps where necessary

11. NFDC/NFNPA PLANNING COMMITTEE

To review, if any, applications that are due before NFDC/NFNPA Planning Committee

12. COMMUNICATIONS

Members to decide on items requiring publicity and to confirm a spokesperson if required

If you would like further information on any of the agenda items, please contact Jo Hurd, Deputy Town Clerk, on (01425) 484721 or email jo.hurd@ringwood.gov.uk.

Committee Members

Cllr Philip Day (Chairman)
Cllr Luke Dadford (Vice Chair)
Cllr Mary DeBoos
Cllr Rae Frederick (ex-officio)
Cllr Janet Georgiou
Cllr John Haywood
Cllr Peter Kelleher
Cllr James Swyer
Cllr Glenys Turner

Officers

Jo Hurd, Deputy Town Clerk
Nicola Vodden, Office Manager

Permission (1)	Recommend Permission, but would accept planning officer's decision
Refusal (2)	Recommend Refusal, but would accept planning officer's decision
Permission (3)	Recommend Permission
Refusal (4)	Recommend Refusal
Officer Decision (5)	Will accept planning officer's decision

WASTE PREVENTION

Ringwood Repair Café -

18 Cafes to date – 642 Kg waste prevented – 351 volunteer hours, 166 customers!

Smart Living – Hampshire Waste Prevention Champion displays and talks including Hampshire Libraries Green and Thrifty Fortnight, collaborating with Ringwood Community Fridge and the Love Food Hate Waste, Food Waste Weeks

4 x Ringwood Big Community Litter Picks

4 x Ringwood and Area Kerbside Freecycle Events

Set up Foil and Aluminium Can Recycling – Ringwood Infant School car park

Set up E-Waste – Recycle your electricals

4 x Collecting bins – Ringwood Library, Ringwood Gateway, Paper Mountain and Greyfriars Community Centre – we deliver to Tool Aid in Ringwood, who strip the plastic away, and sell the copper and other metals, to fund their charity – we have saved 184 Kg of waste since October 2024

ENERGY EFFICIENT HOMES

200 homes visited with our Thermal Cameras to show where Ringwood folk could improve their insulation and prevent draughts to keep them Warm in Winter and Cool in Summer

3 Home Energy Events both in person and online

If we took a thermal image of your house, would it look like this?

Leaking EEE here! Yellow on this outside is not a good colour!

Excellent insulation here!

Greening Ringwood is offering the opportunity to have a free thermal image of your house so that you can see where you are losing energy. For more information and to sign up for a visit contact: bookings@greeningringwood.co.uk or 01793 73995

**GREENING
RINGWOOD**

Wednesday 26th March
at 7pm

Home Energy online event

We'd like to invite you to an exclusive online event following our thermal imaging survey of your home. We'll be sharing information on what you could do next!

- Overview of energy systems in the UK
- Interpreting your thermal images
- Retrofit - a new hub offering advice & suggestions

Interested? Join us online (so no need to leave home!) on 26th March at 7pm via this link: <https://msteams.link/8YGI>

greeningringwood@gmail.com

SPACE FOR NATURE AND CYCLE OF THE SEED

We held Composting Masterclasses, began developing a Space for Nature Garden at Greyfriars and Community Herb, Fruit and Veg beds outside Ringwood Library

Made the first Nature Friendly Wheelie Bin Store To create pollinator corridors all over Ringwood

Encouraged Ringwood folk to participate in Citizen Science projects

The RSPB Big Garden Birdwatch, The Big Butterfly Count, look out for hedgehogs, toads, frogs, bees, bugs and all sorts!

HEALTH IMPACTS OF CLIMATE CHANGE

We took part in a Climate Coalition 'Show the Love' Flashmob in The Furlong Feb 2024

<https://www.youtube.com/watch?v=FWCvLljWoN4>

Terry the Tick took a starring role in reminding folk how important it is to check for Ticks in the New Forest with the risk of Lyme Disease- and to raise awareness of how to create resilience to a changing climate

We participated in 2 x Ringwood Carnival processions

In 2025, dressing in Green with our Blue Tuesdays Community Singers and held a 'Save the Planet' protest March

COMMUNITY ADAPTATION – COMING IN 2026

The Greening campaign together with the Met Office and other multi-sector stakeholders, are looking to support Hampshire Communities, including Greening Ringwood, with this new project in 2026, and we would love to be part of this next step in our Climate Action journey.

The aim is to work with communities to develop their own Community Adaptation Resource, by giving us knowledge and advice on how to best support our Ringwood community and each other as we adapt to changing climate conditions .

Who would like to join us in 2026 to continue our 5 Projects journey, and to develop our own Climate Adaptation Resource for Ringwood?

Contact us on greeningringwood@gmail.com – we'd love to hear from you

Climate Adaptation

Community-led Climate Adaptation – our future programme to help your community become resilient to climate change

When people talk about climate change, they often focus on how to stop it by taking actions that produce less carbon – for example, switching from petrol cars to electric vehicles, using public transport, reducing energy use, or installing solar panels on your roof. This is called **mitigation**.

But there's another very important part: **adaptation**. That means learning how to live with the changes in our climate that are already happening. In the UK, we're already seeing more extreme weather, like heatwaves and floods. So, we need to get ready for a different kind of future.

Adapting to a different climate is not new. In television nature shows—like those by David Attenborough—we have seen how animals adapt to new environments. For example, in the UK, some birds have changed their migration patterns due to milder winters, choosing to stay in Britain year-round instead of flying south, and even changing their diet to adapt to garden feeders and new food sources. People have always adapted too. The difference now is that the speed of change in our climate is increasing. We need to act quickly to keep our communities safe and strong.

Sadly, the people who are most affected by climate change impacts are often those who have the least—less money, poorer health, or fewer resources. We are also seeing an increase in climate anxiety because people are really worried about climate change. They see the risk to their communities and families from a rapidly changing climate and feel powerless to take decisions or actions that will keep them safer.

How can developments in the science help us?

The Met Office have been modelling the likely changes to climate in the UK and can provide projections from available information for 10, 30, or even 50 years. This gives us the likely changes in heat, rainfall, or other weather-related information. (This information is similar to the weather reports we already use on our Weather App on mobile phones i.e. where we see '<5% chance of rain tomorrow'), but further ahead in time. This new information from the Met Office enables us to establish the level or percentage of 'risk' to our communities and provides data at the level of granularity individual communities can work with.

What needs to happen?

The provision of weather-related climate risk information is only one part of the solution to help us to adapt effectively. We also need to understand what those new weather patterns will mean for our communities. This information can then be delivered in a useful and practical way. It will help decision-makers across national, local and community levels to take timely and appropriate action as well as providing residents in communities with a clear understanding of what is possible and what they themselves can achieve.

That's where **The Greening Campaign** comes in. We're working with the Met Office and many other partners to develop a community Adaptation Resource to empower local people and local experts to help their own communities prepare for the future. We're here to listen, learn, and support.

What We're Doing

We are creating a programme to help and support communities:

Look at the past

How has your area been affected by things like floods or heatwaves? What's happened to homes, businesses, and people? By identifying the real impacts of extreme weather events we can work out the indirect (often hidden and

personal) impacts as well as the immediate direct impact. Communities have the insight and power to gather this information at a local level, engaging local voices that will influence, inform and support better decision making at a local, regional and national level. The community will also decide whose voice is important – the older members, the vulnerable, those less able, local business, etc – not just the decision makers voices or big business. When groups of communities undertake this process it can lead to an understanding of the true effect of weather impacts across a wider area, giving councils and government the information they need to act.

Plan for the future

With help from the Met Office, we will look at what weather impacts the changing climate might bring in the future using data at a more granular scale to allow for community microclimates. Using the stories from the past, we will better understand how future traumatic climate events could cause disruption across the community. Met Office multi-sector stakeholder workshops will then support the identification of potential intervention points where action and changes now, or in the near future, can reduce the long-term effect that a changing climate has on people's lives and homes.

We Will Support You to Take local action

Every community is different. We will help you figure out what works best for your area, using your local knowledge, skills, and resources. Once we have listened to past experience and mapped the likely impacts for the future, the community can produce a very simple, focused report and action plan using our template. This will provide information for the residents of that community

which identifies actions for households; action at community level; at Parish or Town level; at Borough level; at County and above – often working together. **A**

For the Greening Campaign, the important role of the community is to make sure that everyone's voice matters, and everyone has a voice in planning for a better, safer future for their own community.

Here are some examples of local actions:

Setting up **cool spaces** or shaded areas for vulnerable people during heatwaves.

Understanding the **types of trees** that will flourish in the future so you plant trees that can live in a new climate – we need to plant now to retain the recognised veteran tree lined streets and woodlands we all love.

Identifying older **homes in the community** that due to the building materials used will not tolerate the expansion and contraction of extreme heat and extreme wet. How to protect them from disintegrating. Insects that damage buildings are also likely to increase and we need to understand what that means.

Planting **trees along roads** to reduce heat island effect – where tarmac heats up during a very hot day and acts like a radiator when you try and sleep at night so your core cannot cool down which is necessary to prevent heat exhaustion.

Setting up **community energy projects** to reduce risks of mass power cuts in storms and flooding, and maximise the energy reaching homes in hot weather.

Planning to **change working hours** so outdoor workers are not exposed to extreme temperatures in the middle of the day – what are the ramifications of these changes eg open gardens closing for 3 hours in the day?

Understanding and preparing for **new disease** and new insects that carry it like mosquitos and ticks. How do we keep ourselves safe?

Work together: We will connect people at all levels—local, town, and county—to make sure efforts are joined up and effective.

REPORT - Planning, Town & Environment Committee – 5 December 2025

New Forest National Park Local Plan Review – Consultation

1. Introduction

- 1.1. Earlier in the year, NFNPA consulted on its Strategic Direction of Travel to seek views on the scope of the Local Plan Review, together with a Call for sites exercise. Since then, a series of technical evidence reports have been commissioned, these together with early feedback have been taken into consideration in the preparation of an initial full draft Local Plan for consultation. Full details can be viewed here: [Have Your Say Today - New Forest National Park Authority Local Plan - Commonplace](#)
- 1.2. The draft Local Plan includes a revised vision and a set of strategic objectives, supported by a series of policies to guide the type and location of new development within the National Park to help to deliver the statutory National Park purposes and related socio-economic duty. The draft Local Plan also includes proposed new site allocations for residential and employment uses.
- 1.3. Views are now invited on the draft policies and proposals, with a deadline for comments of 19 December 2025.

2. RTC Response

- 2.1. The Committee considered and responded to the previous consultation in March 2025 ([P/6514 refers](#)), and commented as follow:

- 2.1.1. **Climate Change** – *“Policies should include greater reference to the design and construction of any buildings (and extensions to the same) to ensure that they are insofar as possible carbon neutral and demonstrate high levels of energy efficiency. This should include a policy that encourages electric car charging points for example.”*

The proposed policies in this respect are:

Policy SP9: Sustainable Construction

The Authority will support proposals for development that mitigate and adapt to the impacts of climate change. To do this all development should seek to do the following:

- a) Incorporate energy and water efficiency measures appropriate to the building;
- b) Consider ‘small-scale’ renewable sources (such as biomass and solar) that respond sensitively to the character of the local area;
- c) Use locally and/or sustainably sourced materials within the design and construction of the development;
- d) Minimise the loss of existing native planting and nature features;
- e) Consider how the layout and orientation of the development can take advantage of solar gain;
- f) Avoid development in places at highest risk of flooding/coastal erosion; and

g) Include bird bricks across new residential development, including extensions (minimum two per dwelling).

Policy SP10: Renewable energy

Development proposals for, or incorporating, renewable energy generation, other than wind energy, will be permitted where they:

- a) are small-scale and provide energy for individual households or businesses, or for small local community facilities; and
- b) are located and designed to have minimal visual impact – ground mounted solar arrays for example should be located within the curtilage of the property; and
- c) do not have adverse impact on the landscape character, heritage assets, natural beauty, wildlife, tranquillity or other special qualities of the National Park.

Planning permission for renewable energy developments likely to have an adverse effect on a designated nature conservation site (including international nature conservation sites, Sites of Special Scientific Interest and National Nature Reserves) will not be granted

2.1.2. Meeting Housing Needs – *“RTC does not consider it appropriate to comment other than to assert we do not consider that any area within the Parish should be included.”*

There are no sites proposed in the parish of Ringwood in the draft Local Plan.

3. Issues for Decision and Recommendation

3.1. Members are asked to consider whether to make further representation on the draft NFNP Local Plan.

For further information, contact:

Jo Hurd, Deputy Town Clerk

Direct Dial: 01425 484721

Email: jo.hurd@ringwood.gov.uk

Current Projects Update

D

No.	Name	Status	Recent developments	Description and notes	Lead Officer/Member	Financing	
Full Council							
No live projects							
Planning Town & Environment Committee							
PTE3	Crow Stream Maintenance	Annual recurrent	Spraying of stream banks carried out June 2025 and annual flail in September 2025, followed by annual stream clearance by volunteers on 25 September. Working with various agencies and local landowners on developing wider project on holding back flood water and increasing outflow.	Annual maintenance of Crow Ditch and Stream in order to keep it flowing and alleviate flooding	Deputy Town Clerk	Budget of £1,000 funded by transfer from earmarked reserve.	
PTE6	Shared Space Concept - Thriving Market Place	In progress	Project being led by NFDC with funding allocated from Strategic CIL programme. Consultants appointed to develop a deliverable, costed scheme for approval by NFDC Cabinet in February 2026. Hoping to deliver artwork and information boards in advance of main project, to tie in with 800th anniversary of market charter celebrations.	Concept for town centre shared space identified through work on the Neighbourhood Plan. Aim is to create a more vibrant and flexible public space and improve connectivity, whilst achieving wider economic benefits.	Deputy Town Clerk	HCC funded survey work. £10,000 grant from UKSPF (via NFDC). NFDC Cabinet agreed on 02/10/2024 to allocate a share of £4.5 million CIL funds to the scheme.	
	Greening Ringwood	In progress	Phase 2 completed - report to be presented to PT&E on 05/12/2025. Climate Adaptation project being considered.	Greening Campaign Phase 2 focussed on making space for nature; energy efficient greener homes; climate impacts on health and wellbeing; waste prevention; and cycle of the seed.		£50 signing up fee funded from General Reserve.	
	Bus Shelters	In progress	Action Plan prepared and in use. HCC launched Parish Council Bus Shelter Grant in October 2025. Bid submitted to NFDC for CIL funds to provide a new larger bus shelter in Gorley Road - outcome expected by end of 2025. No sponsor yet for repair of Taxi Shelter.	Review of Council owned bus shelters.		£1081 allocated from RTC CIL funds.	
Projects being delivered by others which are monitored by the Deputy Clerk and reported to this committee:							
	Crow Lane Footpath	In progress	Developers' contributions paid to HCC to implement. Additional funds required to progress and approved by NFDC Cabinet on 02/11/2022. HCC working on design, with expected delivery in spring 2026.	New footpath to link Beaumont Park with Hightown Road, alongside west of Crow Lane	Hampshire CC	Developers contributions	
	Memorial Bench for Michael Lingam-Willgoss	In progress	Consent to install bench has been granted by HCC. Legal fees covered by County Cllr Thierry. Date for installation yet to be agreed.	Provision of memorial bench in Market Place in memory of Michael Lingam-Willgoss.	Ringwood Carnival / Ringwood Rotary	No financial implications.	
	Review of Speed Limits and Road Safety Measures in Kingston	In progress	Advised resident further evidence is required prior to submitting proposal to HCC. Cllr Frederick liaising with Police and residents regarding setting up Speed Watch. Bid submitted to NFDC for CIL funds to purchase Speed Indicator Devices.	Request from resident to support addressing speed issues and road safety on B3347 at Kingston.	Hampshire CC	No financial implications.	
Policy & Finance Committee							
PF5	Poulner Lakes Lease	On hold		Negotiating a lease from Ringwood & District Anglers' Association of the part of the site not owned by the Council	Town Clerk	Some provision for legal advice or assistance may be needed eventually.	
PF13	Office IT overhaul	In progress	The new and existing providers have been sharing information to support the transition. The changeover is taking place week ommencing 29 September. Work has already been completed to streamline the shared drive, reducing the number of top-level files from 130 to 8. The new provider has met online with all staff using laptops to assess their condition. An order for new devices has been placed.	Multi-year programme to upgrade staff computers and office network hardware and provide training for staff and councillors. Includes switch to new support provider. Will include consideration of providing devices to councillors and seeking Cyber Essentials accreditation.	Town Clerk	Capital costs incurred in current year will be met from IT reserve.	
Recreation, Leisure & Open Spaces Committee							

RLOS4	Grounds department sheds replacement	In progress (Commenced design work in April 2021.)	The planning application has been submitted and registered. An additional plan has been requested and sent but otherwise we are still waiting to hear the outcome of the decision.	A feasibility study into replacing the grounds maintenance team's temporary, dispersed & sub-standard workshop, garaging and storage facilities. Combined with a possible new car park for use by hirers of and visitors to the club-house.	Town Clerk	Revised capital budget of £4,000 (originally £10,000 until virement to RLOS19)
RLOS10	Waste bin replacement programme	In progress (Commenced April 2020)	Future needs are being assessed.	Three-year programme to replace worn-out litter and dog-waste bins	Grounds Manager	Budget of £2,000 a year.
RLOS21	Poulner Lakes track maintenance	In progress (under discussion since Jan. 2021)	NFDC has developed a concept design of an improved access on the basis that RTC will fund essential maintenance/improvements to the vehicular access element and NFDC will fund the rest. The documents required to resolve the boundary discrepancies are with the solicitors for completion. They have been chased and also in the process of arranging a meeting with NFDC about this and other recreation mitigation projects in the town.	Devising a sustainable regime for maintaining the access tracks at Poulner Lakes to a more acceptable standard.	Town Clerk	Yet to be settled
RLOS26	Carvers Development Phase 1	Commenced Sept. 2024	Met with Playdale following Play Inspection Report. Installation of a drinking water fountain is progressing, waiting final quote from local supplier. Accepted quote for supply and installation of wildflower turf and pollinator planting as well as 6 new trees and guards and moving the 2 broken elms. Related, but slightly out of scope is that the tenants of the buildings backing onto Carvers from the industrial estate have agreed to remove the grafitti from the wall which overlooks the recreation ground, at their cost.	Replacing two tennis courts with a multi-use games area, creating a timber log walk with benches and boulders and pollinator planting.	Town Clerk	£73,000 for the main elements. Supported by a £68,072 grant (plus a 10% contribution and up to £10K additional funding from RTC's CIL reserve)
RLOS30	Cemetery Development	In progress	Cemetery Review Working party met for site visit June 2025. Tree mapping currently being undertaken. Working party date in October	To develop the Council's cemetery facilities, reviewing options for new memorial opportunities, dedicated areas for interment and scattering of cremated remains, and a garden of remembrance.	Town Clerk	To be confirmed

Closed Projects Report

D

No.	Name	Description	Outcome	Notes
Full Council				
FC1	Long Lane Football Facilities Development	A joint venture with Ringwood Town Football Club and AFC Bournemouth Community Sports Trust to improve the football facilities for shared use by them and the community.	New builds completed in September 2024	
FC2	Strategic Plan	Exploring ideas for medium term planning. Aim to have complete for start of budget-planning in Autumn 2022.	Completed in October 2022	
Planning, Town & Environment Committee				
PTE4	Pedestrian Crossings - Christchurch Road	Informal pedestrian crossings to the north and south of roundabout at junction of Christchurch Road with Wellworthy Way (Lidl)	Completed by HCC	
	Cycleway signage and improvements	New signage and minor improvements to cycleway between Forest Gate Business Park and Hightown Road	Completedby HCC	
	Carvers footpath/cycle-way improvement	Creation of shared use path across Carvers between Southampton Road and Mansfield Road	Completedby HCC	
	Replacement Tree - Market Place	New Field Maple tree to replace tree stump in Market Place.	Completed in January 2022 by HCC	
	Climate Emergency	Funds used to support Greening Campaign, community litter-pick and Flood Action Plan leaflets.	Completed March 2023	
	A31 widening scheme	Widening of A31 westbound carriageway between Ringwood and Verwood off slip to improve traffic flow; associated town centre improvements utilising HE Designated Funds	Scheme completed by National Highways and road re-opened in November 2022.	
	SWW Water Main Diversion (associated with A31 widening scheme)	Diversion of water main that runs along the A31 westbound carriageway. Diversion route included land in RTC's ownership at The Bickerley.	Scheme completed by SWW in 2022.	
	Surfacing of Castleman Trailway	Dedication and surfacing of bridleway between old railway bridge eastwards to join existing surfacing.	Surfacing works completed by HCC early April 2022.	
	Bus Shelter Agreement	Request by ClearChannel in Nov. 2020 for RTC to licence the bus shelters in Meeting House Lane and the advertising on them. Despite various communications, we have had no contact for over a year and therefore regard the original request to be defunct.	Request not followed up by ClearChannel, therefore defunct and removed from project list October 2023.	
	Human Sundial	Work to refurbish human sundial and install surrounding benches complete. Time capsule cover stone replaced on 21/07/2023. Interpretation board with details of sundial, Jubilee Lamp etc. to be considered as part of Thriving Maret Place project.	Completed.	
PTE2	Neighbourhood Plan	The Ringwood Neighbourhood Plan was adopted (made) by NFDC and NFNPA in July 2024 (83% of residents voted "yes" in the Referendum on 04/07/2024) and is now part of the Developoment Plan for both authorities and must be taken into consideration in the determination of planning applications.	Completed, but will be monitored and reviewed.	
PTE1	Railway Corner	Ringwood Society project to improve and promote historical significance of triangle of land at junction of Hightown Road and Castleman Way.	Completed 2024.	
Policy & Finance Committee
