

Trees for the Future

Plant 20,000 trees in Ringwood in 2020

Help us to protect our beautiful local environment.

By planting 20,000 trees in and around Ringwood, we aim to

- **Increase local biodiversity**
 - Animal, insect, bird, plant and wildflower species
- **Address the climate emergency**
 - Take carbon dioxide (CO₂) out of the atmosphere

Can you help?

Do you have a garden, some land or know someone with land who would like an orchard, a woodland oasis or wants to reduce flooding risk?

Would you like to help with our tree planting?

Would you like a hedge to reduce exhaust fumes in your garden?

Would you like to sponsor some trees?
